

NEW HEART AND NEW SPIRIT

In His recovery by life
Two new things God has given us
A new heart and new spirit too
Praise God He has made us new.

With a new heart we love our God
With a new spirit God receive
God now becomes our all in all
He's so real when'er we call.

We had a heart, stony and hard
A heart of flesh now it became
Our heart was numb to God before
Now we love Him more and more.

He renews and enlivens us
Our spirit now can contact Him
By two spirits mingled as one
We're enjoying Christ the Son.

Now in newness of life we serve
The one true and the living God
As we serve Him, life He imparts
Thank You Lord for these two parts
